Great news! Pregis acquired 3M's temporary protective films business, commonly known as PolyMask. This includes the Conover, NC manufacturing facility and existing product portfolio. The business will be merged with Pregis' Surface Guard protective films division. Together these 2 ISO certified manufacturing facilities will be marketed under the name **SG PolyMask**.

Are you a current 3M Customer that is new to SG PolyMask?

Welcome! We look forward to developing a long-lasting partnership with you. We appreciate your patience as we begin this new venture together.

Here's some more information that you may find helpful:

Your products are still available. The resources of Surface Guard and PolyMask combined into SG PolyMask will provide unparalleled Quality, Service and Innovation for your temporary surface protection needs. We have a team of regionally located technical sales representatives as well as a dedicated customer service department that are excited to bring your account service to the next level. We will continue to reach out over the next several weeks to touch base and learn more about you, your business and any opportunities.

If you have any immediate questions, comments, concerns, or opportunities you'd like to discuss, please feel free to contact us directly: **sgpolymaskinfo@pregis.com** or call **630-236-8250**.

A few questions that may be on everyone's mind:

Where will the product be made and shipped going forward?

All PolyMask products will continue to be manufactured and shipped from Conover, North Carolina with the exception of a limited number of products that will continue to be contract-manufactured in Europe.

Will I still have access to all the same PolyMask products?

Yes! There are no plans to change the product, item number or specs. We will continue to produce the same products with the existing part numbers. If there are changes down the road, a SG PolyMask Sales or Customer Service representative will work directly with you to ensure there are no gaps in service or performance.

When will I start placing orders with SG PolyMask?

As of February 1, 2017 all PolyMask Protective Film customers are asked to begin ordering directly from SG PolyMask. 3M will not be taking any orders for PolyMask products after January 31, 2017, however 3M will forward any orders they receive to SG PolyMask customer service for a transitional period. Please ensure your systems are set up to order directly from SG PolyMask moving forward. If you have any questions or need additional documentation, please do not hesitate to contact us immediately at **630-236-8250** or at **sgpolymaskinfo@pregis.com**.

Who do I contact with questions?

We have a dedicated team of technical sales people available to locally support customers within the US. In addition, you can contact the SG PolyMask Customer Service team with any questions.
US Customer Contact: **sgpolymaskinfo@pregis.com** or call **630-236-8250**.

If you are located outside of the US, please contact our international support group.
International Customer Contact: **SGIntlSales@pregis.com** or call **331-425-6300**.
