

# Paper packaging Packstation™ options

Easypack® by Pregis

- 1 Strong welded steel construction
- 2 Hardwearing laminate worktop
- 3 Adjustable worktop height
- 4 Optional 2nd adjustable shelf
- 5 Additional shelf dividers
- 6 Chute outlet guard
- 7 120V multi-way socket bracket
- 8 Securely, located dispensing machine
- 9 Single or double worktop option
- 10 Under worktop cable management

The Packstation™ is an ergonomically designed workstation that enables packers to efficiently pack goods in a variety of ways. Available in single or double-sided versions, Packstation offers an organized workspace where everything you require is comfortably available at your fingertips.

Packstation comes complete with an integrated paper cushion dispensing machine (compatible with Packsolo, Packmaster and Quantum).

The double packing station allows two operators to work on opposite sides at the same time for increased efficiency, which can be further enhanced with a range of useful options.

- Single or double workstation options
- Easy access paper loading
- Ergonomic design for operator comfort
- Adjustable height worktop and shelves
- Useful options for increased functionality
- Strong welded steel construction/ Hardwearing laminate worktops for long lasting performance
