

The **NEW** Quantum XT fills the void for a user-friendly paper system with unmatched reliability and enhanced ergonomic features. Perfect for packing sharp objects, loose or unboxed items and filling small voids to reduce dimensional weight.

**ENHANCED FEATURES INCLUDE:**

**TELESCOPING HEAD**

- Bring the paper to the operator by adjusting the head of machine forward or backward
- Creates greater operator comfort and increases productivity by minimizing range of motion
- Maximizes workstation customization options

**INTUITIVE POWER TEAR ASSIST**

- The most advanced solution on the market
- Patented bladeless tear assist mechanism keeps operators safe
- Allows the operator to set machine to dispense paper of varying lengths
- Controls paper consumption
- Insures the proper amount of protection
- Simplifies employee training

**SIMPLE, SAFE AND SUSTAINABLE – THE QUANTUM XT**

- Patented floating-head design minimizes paper jams for unmatched reliability
- Optimal ergonomics: simple to load and operate
- Industry leading speed of 150" per second of output
- Durable construction: made in the USA from long lasting parts
- Environmentally responsible
- Compact, versatile footprint: floor stand, table mount or custom installation
- Multiple paper options: Standard or Heavy Duty Renew 100% recycled paper or RC kraft paper containing recycled content

Patent Pending

**QUANTUM PAPER OPTIONS**

ITEM #	FORMULATIONS	ROLL WIDTHS	ROLL LENGTH	ROLLS PER PALLET	ROLL WEIGHT
