

## SAFETY DATA SHEET

*A Safety Data Sheet is not legally required for this product under the OSHA Hazard Communication Standard (29 CFR 1910.1200). The following information is provided as a courtesy service to our customers.*

### SECTION 1: IDENTIFICATION

#### Product identifier

Trade name: **POLYURETHANE FOAM**  
Synonym(s): None known  
Preparation/Revision date: 15 December 2015

#### Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Protective packaging – Flexible Polyurethane foam  
Uses advised against: None known

#### Details of the supplier of the safety data sheet

##### Manufacturer / Supplier

Company name: Pregis Innovative Packaging, Inc.  
Address: 1650 Lake Cook Road, Suite 400  
Deerfield, IL 60015  
Customer service: 877-692-6163

**Emergency telephone number** For product and additional safety information:  
e-Mail: [gallen@pregis.com](mailto:gallen@pregis.com)

**24-Hour Emergency Contact:**  
Chemtrec: (800) 424-9300

### SECTION 2: HAZARDS IDENTIFICATION

**Classification of the substance or mixture** Not regulated per OSHA Hazard Communication Standard 29 CFR 1910.1200.

This product conforms to the U.S. OSHA Hazard Communication Standard's definition of an "Article," i.e., "...a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical, and does not pose a physical hazard or health risk to employees.

**SECTION 2: HAZARDS IDENTIFICATION (CONT'D)****Label elements**

Contains:	None
Hazard pictogram:	None
Signal word:	None
Hazard statement:	None
Precautionary statements:	
- Prevention:	None
- Response:	None
- Storage:	None
- Disposal:	None
Supplemental label information:	None

**Other hazards** None

**Hazard summary**

Physical hazards:	Not classified for physical hazards.
Health hazards:	Not classified for health hazards.
Environmental hazards:	Not classified for hazards to the environment.
Main symptoms:	Eye and skin contact may cause irritation. Inhalation of processing fumes or dusts may cause respiratory irritation.

**SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS**

This product conforms to the U.S. OSHA Hazard Communication Standard's definition of an "Article," i.e., "...a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical, and does not pose a physical hazard or health risk to employees." The following information is provided as a courtesy.

<b>Chemical Name</b>	<b>Percent</b>	<b>CAS No.</b>	<b>Notes</b>
Polyurethane foam	100		

**SECTION 4: FIRST AID MEASURES****General Information**

Show this Safety Data Sheet to the medical professional in attendance. Adverse health effects are not anticipated with use of this product as intended. If symptoms occur, follow first aid measures as appropriate.

**Description of first aid measures**

Inhalation:

If symptoms are experienced, move victim to fresh air, if symptoms persist, obtain medical attention.

Skin contact:

Wash contaminated skin with mild soap and water. Get medical attention if irritation develops or persists.

Eye contact:

Rinse immediately with plenty of water, including under the eyelids. Get medical attention if irritation develops or symptoms persist.

Ingestion:

If gastric irritation or discomfort persists seek medical advice.

Notes to Physician:

None specified

**Most important symptoms and effects, both acute and delayed**

Eye contact may cause irritation. In rare cases, individuals may experience irritation or reddening of skin. Inhalation of processing fumes or dusts may cause respiratory irritation.

**Indication of any immediate medical attention and special treatment needed**

None known

**SECTION 5: FIRE FIGHTING MEASURES****General fire hazards**

Burning or heating of polyurethane foams may result in the generation of toxic vapors. Cutting or grinding may create combustible dusts.

**Extinguishing Media**

Suitable extinguishing media:

Water, Foam, Dry Chemical, Carbon Dioxide. Use extinguishing media appropriate for surrounding material.

Unsuitable extinguishing media:

None known

**Special hazards arising from the substance or mixture**

Burning of polyurethane foams may result in the generation of combustion products including, CO, CO<sub>2</sub>, and hydrogen cyanide. Inhalation of these and other chemicals may result in severe irritation, difficulty breathing, asphyxiation and unconsciousness.

**SECTION 5: FIRE FIGHTING MEASURES (CONT'D)****Advice for firefighters**

Special protective equipment for firefighters: Firefighters should use self-contained breathing apparatus and wear full protective equipment. Personnel / bystanders should be kept upwind of fire.

Special firefighting procedures: Not applicable

Special remarks on fire hazards: None

**SECTION 6: ACCIDENTAL RELEASE MEASURES****Personal precautions, protective equipment and emergency procedures**

Protective clothing is not required under normal conditions of intended use, however, the use of gloves and safety glasses is consistent with good manufacturing and hygienic practice.

**Methods and materials for containing and cleaning up**

No special measures necessary beyond general housekeeping. Pick up and retaining material for recycling or disposal.

**SECTION 7: HANDLING AND STORAGE****Precautions for safe handling**

Wear gloves and safety glasses consistent with good manufacturing and hygiene practice. Wear a NIOSH-certified (or equivalent) organic vapor/particulate respirator as needed. Control any vapor or dust emissions that may be generated by further processing of product.

**Conditions for safe storage, including any incompatibilities**

Store in well-ventilated areas. Keep away from excessive heat and any sources of ignition such as sparks or flame.

**SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION**
**United States. Occupational Exposure Limits**

Component	CAS No.	Type	Value	Form
Nuisance dust	N/A	ACGIH TWA	10 mg/m <sup>3</sup>	Total dust
Nuisance dust	N/A	ACGIH TWA	3 mg/ m <sup>3</sup>	Respirable dust
Nuisance dust	N/A	OSHA PEL	15 mg/ m <sup>3</sup>	Total dust
Nuisance dust	N/A	OSHA PEL	5 mg/ m <sup>3</sup>	Respirable dust

**Appropriate engineering controls**

Local ventilation should be provided if product is further processed producing dust or fumes. General ventilation may also be used, but local ventilation is usually preferable.

**Individual Protective Measures**
**General Information:**

The following general hygiene considerations are recognized as common, good industrial hygiene practices. Wash hands after use and before eating, avoid breathing dust, and wear safety glasses.

**Eye/face protection:**

Wear safety glasses.

**Skin protection:**

Wear protective gloves.

**Respiratory protection:**

If product is being further processed producing dust or fumes and adequate ventilation should be provided. In case of inadequate ventilation or risk of inhalation of dust or fumes, wear a suitable organic vapor/particulate respirator.

**Thermal hazards:**

None known

**SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**
**Information on basic physical and chemical properties**

<b>Form</b>	Solid polyurethane foam	<b>Explosive properties</b>	Not applicable
<b>Color</b>	No Data	<b>Explosive limit</b>	Not applicable
<b>Odor</b>	No Data	<b>Vapor pressure</b>	No Data
<b>Odor threshold</b>	No Data	<b>Vapor density</b>	No Data
<b>pH</b>	Not applicable	<b>Evaporation rate</b>	No Data
<b>Melting/freezing point</b>	No Data	<b>Relative density</b>	No Data
<b>Boiling point, initial boiling point and boiling range</b>	No Data	<b>Partition coefficient (n-octanol/water)</b>	No Data
<b>Flash point</b>	Not applicable	<b>Solubility (water)</b>	Insoluble in water
<b>Auto-ignition temperature</b>	No Data	<b>Decomposition temperature</b>	No Data
<b>Flammability (solid, gas)</b>	Polyurethane foam is combustible	<b>Bulk density</b>	No Data
<b>Flammability limit-lower%</b>	Not applicable	<b>Viscosity</b>	Not applicable
<b>Flammability limit-upper%</b>	Not applicable	<b>VOC (weight %)</b>	No Data
<b>Oxidizing properties</b>	Not applicable	<b>Percent volatile</b>	No Data

**SECTION 10: STABILITY AND REACTIVITY**
**Reactivity**

The product is stable and non-reactive under normal conditions of use, storage and transport.

**Chemical stability**

Material is stable under normal conditions.

**Possibility of hazardous reactions**

Hazardous polymerization will not occur.

**Conditions to avoid**

Avoid contact with strong oxidizers, excessive heat (> 300 degrees Fahrenheit), sparks or open flame.

**Incompatible materials**

Strong oxidizers

**Hazardous decompositions products**

If product is heated above decomposition temperature, toxic vapors will be released. Burning of polyurethane foams may result in the generation of combustion products including, CO, CO<sub>2</sub>, and hydrogen cyanide.

**SECTION 11: TOXICOLOGICAL INFORMATION****General information on likely routes of exposure**

Ingestion:	No adverse effects known to be associated with ingestion of small amounts of this inert material. Ingestion of large quantities may result in gastrointestinal discomfort or distress.
Inhalation:	Inhalation of fumes from heated foam may cause irritation of respiratory tract, chest discomfort, dizziness and/or unconsciousness. Inhalation of dust may cause respiratory irritation. Polyurethane dust from grinding and pulverizing operations is considered nuisance dust.
Skin contact:	May cause irritation.
Eye contact:	May cause irritation.
Symptoms:	Eye and skin contact may cause irritation. Inhalation of processing fumes or dusts may cause respiratory irritation.

**11.1 Information on toxicological effects**

Acute Toxicity:	Overexposure to dusts from the foam may cause mechanical irritation of the eyes, skin and respiratory tract. Burning of polyurethane foams may result in the generation of combustion products including, CO, CO <sub>2</sub> , and hydrogen cyanide. Inhalation of these and other chemicals may result in severe irritation, difficulty breathing, asphyxiation and unconsciousness..
Serious Eye Damage/Irritation:	May cause eye irritation.
Skin corrosion/Irritation:	May cause skin irritation.
Respiratory/Skin Sensitization:	No data were identified for this product. Not expected to be sensitizing.
Germ Cell Mutagenicity:	No data were identified for this product. Not expected to be mutagenic.
Carcinogenicity:	Polyurethane foams are not classifiable as to its carcinogenicity to humans (IARC).
Reproductive Toxicity:	No data were identified for this product. Not expected to be a reproductive hazard.
Developmental Effects:	No data were identified for this product. Not expected to be a developmental hazard.
STOT – Single Exposure:	No data were identified for this product. Not expected to be a Specific Target Organ Toxicity hazard.
STOT – Repeated Exposure:	No data were identified for this product. Not expected to be a Specific Target Organ Toxicity hazard.
Aspiration Hazard:	Not relevant based on physical form of the product.

**Conclusion/Summary**

Skin and eye contact may cause slight irritation. Inhalation of processing fumes or dusts may cause upper respiratory irritation.

**SECTION 12: ECOLOGICAL INFORMATION**

<b>Ecotoxicity</b>	No data available
<b>Persistence and degradability</b>	No data available
<b>Bioaccumulative potential</b>	No data available
<b>Mobility</b>	No data available
<b>Results of PBT and vPvB assessment</b>	Not a PBT or vPvB material
<b>Other adverse effects</b>	None known
<b>Conclusion/Summary</b>	Not known to pose a significant hazard to the environment.

**SECTION 13: DISPOSAL CONSIDERATIONS****Waste treatment methods**

Residual waste:	Dispose as normal, non-hazardous, solid waste, in accordance with applicable Federal, State and Local regulations.
Contaminated packaging:	Dispose as normal, non-hazardous, solid waste, in accordance with applicable Federal, State and Local regulations.
Disposal methods/information:	This material is NOT classified as a Hazardous Material by RCRA.

**SECTION 14: TRANSPORT INFORMATION**

<b>UN Number</b>	Not applicable, not regulated as hazardous for transport.
<b>UN proper shipping name</b>	Not applicable, not regulated as hazardous for transport.
<b>Transport hazard class(es)</b>	Not applicable, not regulated as hazardous for transport.
<b>Packing group</b>	Not applicable, not regulated as hazardous for transport.
<b>Environmental hazards</b>	Not applicable, not regulated as hazardous for transport.
<b>Special precautions for user</b>	Not applicable, not regulated as hazardous for transport.

**POLYURETHANE FOAM**

Preparation Date: 15 December 2015

**SECTION 14: TRANSPORT INFORMATION (CONT'D)**

**Transport in bulk according to  
Annex II MARPOL73/78 and the IBC**

**Code** Not applicable, not regulated as hazardous for transport.

The transport regulation may vary based on the country of use. Check for the appropriate regulations in the country of transport or usage of this product.

**SECTION 15: REGULATORY INFORMATION**

**Safety, health and environmental regulations/legislation specific for the substance or mixture**

**USA Federal Regulations**

29 CFR 1910.1200 Hazard Communication Standard (HCS): Not regulated  
TSCA: Released / listed

**SECTION 16: OTHER INFORMATION****List of abbreviations**

ACGIH	American Conference of Governmental Industrial Hygienists
CFR	Code of Federal Regulations
IARC	International Agency for Research on Cancer
IBC	International Code for the Construction and Equipment of Ships carrying Dangerous Chemicals in Bulk
MARPOL	International Convention for the Prevention of Pollution from Ships
OSHA	Occupational Safety and Health Administration (United States)
PEL	Permissible Exposure Limit
PBT	Persistent, Bioaccumulative and Toxic
RCRA	Resource Conservation and Recovery Act
SDS	Safety Data Sheet
TSCA	Toxic Substances Control Act
TWA	Time Weighted Average
vPvB	Very Persistent and Very Bioaccumulative

**SECTION 16: OTHER INFORMATION (CONT'D)****SDS Revisions**

SDS prepared on 15 December 2015
